DEL MOLISE

The conference will be organized at the Termoli (CB) campus of the University of Molise on 12-13 September 2024. The goal of the event is to bring together researchers from different disciplines to discuss the topic of sustainability of elder care systems in an aging society. The ultimate aim is to develop environmentally, economically and socially sustainable solutions, addressing both families and institutions providing care to older people with long-term care needs.

Thursday 12 September

9:00 - 9:30	Registration
9:30 - 10:30	Welcome addresses
10:30 - 11:00	Coffee break
11:00 - 13:00	Session 1 - Informal Caregiving
13:00 - 14:00	Lunch
14:00 - 16:00	Session 2 - IT Solutions
16:00 - 16:30	Coffee break
16:30 - 18:00	Session 3 - Protecting older people
20:00	Social dinner at "Svevia" restaurant

Friday 13 September

9:00 - 11:00	Session 4 - Territories
11:00 - 11:30	Coffee break
11:30 - 13:00	Session 5 - Institutional issues
13:00 - 14:30	Light Lunch
14:30 - 18:30	Field work

Session details

Welcome addresses (Thu 12, h. 9:30-10:30)

Chair: Cecilia Tomassini (University of Molise)

Luca Brunese (Rector, University of Molise)

Francesco Roberti (President, Molise Region)

Nicola Balice (Mayor, Municipality of Termoli)

Gabriella Stefania Scippa (Head, Department of Bioscience and Territory, University of Molise)

Marco Albertini (PI Spoke 5, University of Bologna)

S1 Informal Caregiving (Thu 12, h. 11:00-13:00)

Chair: Giovanni Lamura (INRCA)

Marco Albertini, Francesca Zanasi

Social stratification in the time-use of informal caregivers for older individuals

Pasquale Mone, Roberta Maio, Gianluca Testa

Outpatient management of the patient with ejection fraction heart failure preserved: the role of the caregiver

Eva Bei, Marco Albertini, Mikolaj Zarzycki

Caregivers' needs and preferences for care and support services: a comparative qualitative study

Daniela Grignoli, Antonella Golino, Sara Santini, Serena Cancellieri, Georgia Casanova, Rabih Chattat, Ilaria Chirico, Veronica Moretti, Riccardo Pronzato

Old people, care and training needs of migrant women. A survey in central Italy

Marco Domenicali, Ylenia Druda

Title to be confirmed

Cecilia Tomassini, Eleonora Meli, Carlo Lallo, Marta Pasqualini

Older parents adult children exchanges and rural/urban dimension

UNIVERSITÀ
DEGLI STUDI
DEL MOLISE

S2 IT Solutions (Thu 12, h. 14:00-16:00)

Chair: Massimo Armenise (ISTAT)

Emanuela Sala, Federica Cretazzo, Marco Terraneo

Technology adoption (or resistance) among Italian informal older carers

Cristina Gagliardi

Social forecasting as an investigative tool

Riccardo Pronzato

Co-design and the enactment of digital technologies: the theoretical perspective on eHealth interventions

Gianluca Testa, Pasquale Trinchese, Rocco Oliveto

Continuous and latent monitoring of cardiac parameters via wearable devices and artificial intelligence

Antonio Totaro, Giuseppina Matarrazzo, Gianluca Testa

Comorbidities in the heart failure patient with preserved ejection fraction: the role of anemia

Fiorentina Longobardi, Riccardo Prandini

Residential services for the aging: the strategic node of the (new) community-based health care

S3 Protecting older people (Thu 12, h. 16:30-18:00)

Chair: Rabih Chattat (University of Bologna)

Giovanni Lamura et al.

The reforms taking place in our country in the field of non-self-sufficiency in ageing: what role for Age-It?

Stefano Corso

Estate planning tools for the elderly person

Maria Epifania

Trust as a protection measure for elderly and vulnerable people

Arianna Fusaro, Giovanni Calabrese

Donations, contracts, wills: the acts of the vulnerable elderly person and undue influences

Valerio Rotondo

Protection and promotion of the ageing population

UNIVERSITÀ
DEGLI STUDI
DEL MOLISE

S4 Territories (Fri 13, h. 9:00-11:00)

Chair: Luisa Corazza (University of Molise)

Massimo Armenise, Marianna Mantuano

A territorial perspective on hospital accessibility of the elderly population

Stefania Bandini, Roberto Garrone

Towards the design of walkability indexes for inner areas: technologies, data, information and knowledge

Emilio Cameli, Cecilia Tomassini, Carlo Lallo

Towards the identification of a systemic depopulation areas index: the case of Italy

Federico Benassi, Cecilia Tomassini, Giuseppe Di Felice

Hospital health care supply and potential demand of the older population in three regional Italian contexts. Apparent spatial heterogeneities or explicit spatial inequalities?

Marco Albertini, Eleonora Meli, Cecilia Tomassini

Childless Individuals 65+ Living in Italy's Inner Areas: Their Support Networks

Stefania Bandini, Frida Milella, Rocco Oliveto, Davide Donato Russo, Cecilia Tomassini

Evaluate the fairness of the distribution of health services for older people in Italy: a methodological approach

UNIVERSITÀ
DEGLI STUDI
DEL MOLISE

S5 Institutional issues (Fri 13, h. 11:30-13:00)

Chair: Arianna Fusaro (University of Padova)

Georgia Casanova, Giovanni Lamura, Roberto Lillini

Effectiveness Elements of Italian LTC system during Covid -19 an international perspective: lessons for future sustainability

Maria Teresa Ambrosio, Luisa Corazza

The care of dependent elderly between work and caregiving. Caregiving methods and prospects for reform

Ilaria Chirico, Sara Santini, Georgia Casanova, Antonella Golino, Daniela Grignoli, Veronica Moretti, Riccardo Pronzato, Rabih Chattat

Barriers to accessing and using information and training courses for informal caregivers: the Age-it project

Nicola Caravaggio, Raffaele Lagravinese, Giuliano Resce

The determinants of health expenditure: a machine learning approach

Sara Santini, Vanessa Frontalini, Francesco Riccetti, Georgia Casanova, Serena Cancellieri, Daniela Grignoli, Antonella Golino, Veronica Moretti, Riccardo Pronzato, Ilaria Chirico, Rabih Chattat

Educational offer in elderly care for migrant family care assistants in Italy and abroad: results from a rapid desk review
